

Nancy Lyon
Administrative Assistant

Nancy Lyon joined Moran & Company in September of 2011, and has exceeded our expectations of excellence in the workplace. Hers is the first voice you hear on the phone and the first face to greet you when you arrive.

In addition to reception, Nancy maintains our contact management system, handles any administrative responsibilities – including accounting - and is a marketing assistant. She wears many hats, and is, therefore, invaluable to the daily operation of the firm.

Nancy is married; she and her husband have two children and two grandchildren. They are sports enthusiasts, avid Detroit Tiger fans, golfers, and “cruisers” – on land in their classic Corvette, and on sea as their vacation of choice.
